

The I4C #MAKEITREAL ROADSHOW is on the move...

The I4C #MakelReal Roadshow

brings climate information closer to cities and communities across Europe.

WHAT CAN YOU EXPECT?

This event series is bringing project experts, activities and outputs to the fore in a variety of different events and spaces, enabling connections with local city actors and initiatives every step of the way.

THE IMPETUS PIT STOP BOOTH will also pop up with interactive games and information for policymakers and citizens alike!

ABOUT I4C

Impetus4Change (I4C) is an EU-funded research project where climate, city and social experts work together to improve the quality and accessibility of climate information in cities and regions, in line with the EU's Mission on Adaptation to Climate Change for a "climate prepared and resilient Europe" by 2030.
